

## SUBSTANTIAL REDUCTION MADE IN PENALTY RATES

**Saving to Local People Through Sur-charge Removal**

**AND FIRE PROTECTION**  
**Underwriters' Association**  
**Make Into Consideration**  
**Many Improvements**

As a result of council's work to improve the town's fire protection the agents have received notice that from October 4, a rebate of 20 on every hundred dollars will be allowed. This will be a reduction in the original rate of insurance of 20 percent. It will be a penalty of \$1.80 on every \$1. An additional part of this is removed when the Charleroi company complies with recommendations of the Underwriters' Association.

The agents received the information a circular issued by the Underwriters Association at Philadelphia through Louis Wiederhold, Jr., secretary. The circular was as follows:

Underwriters' Association of Middle Department having received the deficiency charge for water and fire fighting facilities in Charleroi, Pa., from 38 cents to 18 cents, all mercantile risks, buildings, contents, located under protection, Charleroi, Pa., and rated under schedule providing specific rates and without Reduced Rate Average are hereby reduced as follows:

Rating promulgated prior to October 17, 1909, deduct 20 cents building rate and 15 cents from contents rate.

Rating promulgated subsequent to December 17, 1909, and prior to October 4, 1911, deduct nine cents building rate and five cents from contents rate.

Rate allowable from October 4, 1911, deduct 20 cents building rate and 15 cents from contents rate. Reductions were secured through arguments made over the town in the fire department. New rates meant much, and the fire company building in accordance with the plans of the fire house arrangements, by the addition of the fire quarters and the employment of a night driver for the fire was taken into consideration its effect. Another matter was its effect on the reductions placing of additional fire the borough. One of the recommendations by the Underwriters' Association is that a flow in excess of the town of 2,000 gallons of water per minute from plug be secured. This it is can be done by the laying mains, on Seventh and Second streets, which work is in progress. The valuation of insurance property in the business part of town at \$1,250,000 with 20 on every hundred dollars of insurance, would mean a saving in premium of \$2,500. The significance of these figures will be apparent when it is realized that the borough is \$2,170 for fire plug service out of the whole borough.

Penalties do not affect the dwelling side of the business portion of town.

Tener, Pres S. A. Walton, Vice Pres R. H. Bush, Cashier.

## CELEBRATE IN HONOR OF NOTED DISCOVERER

**Columbus Day Festivities Held at Pittsburgh—  
Members of Charleroi Knights of  
Columbus Attend**

Headed by D. A. Oates, a member of the general reception committee a party of members of Charleroi Council No. 956 Knights of Columbus, attended the most brilliant Columbus Day banquet ever held in Pittsburgh Thursday night. The banquet, with a number of guests present, chief among whom was Governor J. K. Tener, was held at the Schenley Hotel. There were about 15 from Charleroi present.

The chief address was made by Right Rev. Regis Canevin, Bishop of the Pittsburgh diocese, of the Catholic church. Bishop Canevin's talk was on the theme of "Politics." He spoke of the greatness of Pittsburgh and startled his hearers by a vigorous denunciation of Pittsburgh's detractors.

Governor Tener made an address on "Our Commonwealth," and sermonized on "the scattering of roses in life and not waiting until death to place wreaths on caskets." Other speakers were James L. Walsh, LL. D., of Fordham College, New York City; City Councilman P. J. McArdle, and Ambrose B. Reid, Esq.

The Charleroi delegation was heartily welcomed. Gov. Tener shook hands with the friends "from home" and asked about affairs here, showing an intense interest. Christopher Morgan, of Charleroi, assistant superintendent at the Pittsburgh Steel mill at Monessen, entertained the Charleroi party at the Columbus Club after the banquet.

## HAS WONDERFUL LIFE'S HISTORY

**Rev. Athey to Preach at the  
Christian Church—Story  
of Conversion**

Rev. L. F. Athey, a minister with a history as varied as that of Rev. Billy Sunday himself, has been engaged to fill the pulpit at the First Christian church Sunday morning and evening. Rev. Athey's story of his conversion is one that usually brings tears to the eyes of his hearers. He is a nephew of Henry Sheets, the local real estate dealer and in addition to being an excellent preacher is an able lecturer. It is quite probable he

Rev. L. F. Athey.

will be engaged to lecture here next week.

Rev. Athey is a Methodist. He is minus the better portion of his right arm, which was taken off four inches from the shoulder, but that doesn't lessen his ability as a preacher. Rev. Athey's conversion came when death seemed imminent. He was working in a dangerous position at a big industrial plant, when an accident occurred, endangering his life. His right arm was caught in a piece of machinery. At that moment he consecrated his life to His Master, and promised if he should be allowed to live, he would devote himself to the work of saving others. By almost a miracle his life was saved. He was true to his promise, and results are showing.

## COUNCILMAN AND FAMILY AT HOME

Councilman Charles Schmeiler, who with his family spent the summer in Germany has returned. His daughter, Miss Tillie came all the way home with him Thursday night but Mrs. Schmeiler and the other children stopped at Pittsburgh for a visit. Mr. Schmeiler states that they all had a fine time and are in the best of health. He gained over 20 pounds.

## MENDELSSOHN CHOIR TO SING

**Preparations Being Made for  
First Appearance of Not-  
ed Musical Club**

In accordance with its established custom, the Mendelssohn Male Choir in the season 1911-12 will give two concerts in Carnegie Music Hall, Pittsburgh. The date of the first concert has been fixed for Wednesday evening, December 6, at which Mrs. Elsa Ruegger, cellist, and Miss Mabel Beddoe, mezzo-soprano, will be the assisting artists. The second concert will be given on Tuesday evening, April 16th, 1912, at which Mr. Francis Macmillen, violinist, will be the soloist.

The personnel of the Mendelssohn Male Choir, again limited to sixty well-trained voices, remains, this season, practically the same as last year and continues under the able direction of Mr. Ernest Lunt, who has been the conductor from its inception.

The Mendelssohn Male Choir announces this season an important change in its organization. Hitherto, the choir has depended principally for its financial support upon subscriptions from patrons. With a view of placing the organization upon a more permanent basis, as well as to broaden the scope of its artistic and educational influence in the community, after a majority of the patrons had expressed their preference for the change, to amend the by-laws to permit of the election of associate members. Associate members continue permanently with the organization from season to season until membership is terminated by resignation. The sole requirement of associate members will be the payment, in advance of annual dues of \$10.00. Two cents will be given each season and associate members will be entitled to four of the best seats for each of these, seats to be chosen before the public sale begins.

## CAMPBELL-HARVEY WEDDING AN EVENT

The marriage of Miss Mary A. Harvey, daughter of the Rev. and Mrs. James W. Harvey of California and Rollo Miller Campbell of Uniontown took place last evening in the First Presbyterian church in California, of which the bride's father is pastor. Dr. Harvey performed the ceremony and the bride was given away by her brother, the Rev. Plummer Harvey of Callery. Mrs. Campbell is a graduate of the Washington Seminary and a talented musician. Mr. and Mrs. Campbell will make their home in Uniontown. The bride is well known in Charleroi.

J. J. Hott is a Washington visitor today.

## TAKE PART IN PARADE

**Charleroi Sunday School  
Delegation Marches  
at New Castle**

Charleroi contributed its portion towards the big parade held in New Castle on Thursday afternoon, which was a special feature of the State Sunday school convention. There were between 7,000 and 10,000 men in the parade. The delegates present from Charleroi numbering about 20, marched with the Washington county district which was headed by Rev. Murray C. Reiter, the county Sunday School president. Rev. Reiter's lieutenant was W. F. Alten of Monongahela.

Charleroi, Monessen, Monongahela, Donora and outlying districts contributed a total number of about 75 to a special train load from Monessen and McKeesport to the convention. Seventy-five went from the latter place. Congressman Richmond P. Hobson was one of the principal speakers at the session last night.

**Pastor Accepts Charge.**  
Rev. A. M. Gregg, pastor of the Baptist church of West Newton has accepted a call from Monongahela. He is expected to take charge about November 1.

**Was Eating Lunch When  
Taken Violently Ill—Belongs  
to Well Known Family**

After only a few hours illness, Charles Dickson, the 17-year old son of John F. Dickson of Roscoe died at his home Wednesday morning at 7 o'clock. Acute indigestion brought on by eating pears, is said to have caused the youth's death. The funeral will be held Saturday afternoon. Six classmates of the young man at Douglas Business college here will act as pallbearers. It is likely that students of Douglas college will attend the funeral in a body.

At noon on Tuesday Dickson ate a few pears at lunch time. He was immediately taken sick. Removed to Dr. D. E. Sloan's office it was learned that he was suffering from acute indigestion and he was ordered removed to his home in Roscoe. In the evening he appeared to be getting better, but soon underwent a relapse.

Young Dickson was a student in the bookkeeping department of Douglas College. He was just about to finish that course and then intended to take up the study of shorthand at the same school. He was popular among his classmates and acquaintances. Besides the parents six brothers survive. They are: John, William, Clyde, Alexander, Roy and Walter.

Rev. Stanley Bergen pastor of the Roscoe Presbyterian church, of which the young man was a member, will conduct the services at the home at 1:30 o'clock tomorrow afternoon and interment will take place in Fayette City cemetery. Pall bearers have been chosen from his class as follows: Emile Schoch, Mark Simpson, William White, Walter Allen, Eugene Ebbage and Thomas Murphy. Douglas College is closed today out of respect for the young man.

## A PROGRESSIVE.

California as a State is now num-  
bered among the progressives. In a  
recent vote of the electors for a num-  
ber of constitutional amendments the  
negative, referendum and recall were  
adopted by an overwhelming major-  
ity. Even woman suffrage, which was  
at first thought to have been defeat-  
ed, is now conceded to have been car-  
ried, so that California has triumphed  
in the march of progress all along the  
line.

A desperate effort was made to ex-  
clude the judges from the recall fea-  
ture, but the people said nay. If the  
latter are to be supreme—and that  
is the aim and object of a pure dem-  
ocracy, which is believed to be the  
best form of government—there  
should be no limitations anywhere,  
and there seems to be no reason why  
judges should be exempted any more  
than any other officials. Consequent-  
ly the California electors included  
them within the provisions of the re-  
call. The initiative, referendum and  
recall is rapidly gaining ground, and  
the efforts of Pittsburg at the last  
Legislative session to secure it for  
that city has given the movement  
great impetus in Pennsylvania. It  
is to be hoped that by the time an-  
other session of the Legislature con-  
venes the movement will be ripe  
for action in this State.

## ONE OF MANY.

The reduction of the penalties on  
business insurance in Charleroi by  
reason of improved conditions by the  
local water company is only one of  
many instances where personal and  
business expenses are exorbitant be-  
cause it is to the pecuniary interest  
of some concern to have it so. Usual-  
ly when necessary expenses are un-  
duly high some private interest is  
profiting thereby. Because the water  
company at the start did not see fit to  
install a complete plant, every busi-  
ness man in the town was unduly tax-  
ed by his insurance. The water com-  
pany, however, derived as much rev-  
enue from the people as though it had  
a plant installed sufficient to provide

the protection required by the insur-  
ance companies.

This is only one instance where un-  
due and unnecessary expenses are put  
upon the people which they do not  
have to bear if they will but assert  
themselves. The absence of the par-  
cels post is another. The people are  
being taxed millions of dollars every  
year because the pecuniary interests  
of private concerns desire to continue  
their exactions in the exercises of a  
function that rightly belongs to the  
government. Railroad fares, freight  
rates, bridge tolls, and the evasion of  
just taxes, and other similar exac-  
tions are not based upon actual cost  
of construction and legitimate cap-  
italization, but upon watered stock  
and fictitious values.

But for the vigorous opposition of  
the Charleroi people the conditions  
imposing the insurance penalties  
would no doubt have continued. This  
shows what can be done if the proper  
effort is made, and the people can  
save a whole lot of what they are  
paying now if they put up the proper  
kind of a protest.

## PICKED UP IN PASSING

"I saw Admiral Dewey once," said  
Dale Jolliffe, when speaking of the  
exhibition of the coast defense gun at  
the Palace Theatre this week, which  
brought up the subject of war battle-  
ships, and other military topics. "The  
late Frank DeVinney and myself,

while serving in the Philippines with  
the Tenth were fortunate enough to  
get an invitation to eat our Christ-  
mas dinner aboard the Admiral's flat-  
ship, the Olympia, while she was in  
Manila harbor.

"This happened in a peculiar man-  
ner. 'Kid,' as we all called Frank, an-  
myself, fell in the day before Christ-  
mas with a sailor from the Olym-  
pia, who had shore leave. The tar  
was hopelessly drunk, and from his  
ticket of leave, which we inspected,  
we learned that he was to report back  
to his ship that night. We saw that  
he would never make it in the condi-  
tion he was in, so we took him to our  
quarters and tied him to a cot. By  
evening he was sobered up enough to  
realize the situation, and he was  
very thankful to us for flagging him,  
as he would have been dealt with  
severely if he did not report back at  
time. He happened to be petty mes-  
senger, and he invited us to eat our  
Christmas dinner on board the Olym-  
pia next day.

"Of course we were glad to accept  
and we were served with an elegant  
dinner—turkey, plum pudding and all  
the trimmings. Naturally 'Kid' and  
I were anxious to see Admiral Dewey,  
the hero of Manila Bay, and we asked  
the officer if there were any way  
we could get a peep at him.

"If that's all you want," said the of-  
ficer, just walk past his quarters and  
take a look," and he referred to the  
Admiral in not very complimentary  
terms. We learned that the men on  
board for some reason, did not enter-  
tain a very high personal regard for  
the Admiral.

"We walked past the Admiral's  
quarters, and saw him sitting on  
deck. 'Kid' and I 'rubbered' at him,  
curiously to the amusement of our  
companion. It was an incident, how-  
ever, that I'll always remember."

"Ever make apple butter at home?"  
asked an old timer at one of the lo-  
cal groceries, where a friend was buy-  
ing a jar of the stuff at the store.

"Yes, I know it is one of the 57 var-  
ieties that you can buy ready made  
like everything nowadays, but it hasn't  
the flavor of the stuff we used to  
make 'down on the farm,' where mak-  
ing a supply of apple butter was one  
of the season's events, like harvest-  
ing, hog killing and other similar in-  
cidents.

"It was a sort of a holiday affair,  
as all hands, male and female, turn-  
ed in and helped. First we pared,  
quartered and cored the apples. Then

## GROWS HAIR ON BALD HEADS

Bald Headed People May  
Get a New Chance in  
Life

In these days when youth is the moving factor in business, when a man makes his mark at thirty-five and is ready to retire at forty-five, when business house pension the man we call "middle aged" rather than allow his lagging influence to intrude upon the commercial rush, a bad head is almost fatal to any man's hopes. The following must therefore prove interesting to people who are losing their hair or who are bald.

Resorcin is one of the latest and most effective germ killers discovered by science, and in connection with Beta Naphthol, which is both germicidal and antiseptic, a combination is formed which destroys the germs which rob the hair of its nutriment, and also creates a clean and healthy condition of the scalp, which prevents the development of new germs.

Pilocarpin is a well-known agent for restoring the hair to its natural color, where the loss of color has been due to a disease of the scalp. Yet, it is not a coloring matter or dye.

This combination of curatives mixed with alcohol as a stimulant, perfects a most effective remedy for hair and scalp troubles.

The famous Rexall "93" Hair Tonic is chiefly composed of Resorcin, Beta Naphthol, and Pilocarpin. It helps to make the scalp healthy, to nourish the hair, to stimulate the follicles. Where the hair is already bare it enters the follicles, revitalizes the roots, supplies nourishment and stimulates a new growth.

We want you to try a few bottles of Rexall "93" Hair Tonic on our personal guarantee that the trial will not cost you a penny if it does not give you absolute satisfaction. That's proof of our faith in this remedy and it should indisputably demonstrate that we know what we are talking about when we say that Rexall "93" Hair Tonic will grow hair on bald heads, except, of course, where baldness has been of such long duration that the roots of the hair are entirely dead, the follicles closed and grown over, and the scalp is glazed.

Remember, we are basing our statements upon what has already been accomplished by the use of Rexall "93" Hair Tonic, and we have the right to assume that what it has done to hundreds of others it will do for you. In any event you cannot lose anything by giving it a trial on our liberal guarantee. Remember, you can get Rexall Remedies in this community only at our store—The Rexall Store, Carroll's Drug Store, 623 Fallowfield Avenue, Charleroi.

## SHE HAD CONSTANT PAIN

Until Relieved by Lydia E. Pinkham's Vegetable Compound.

Dewittville, N.Y. — "Before I started to take Lydia E. Pinkham's Vegetable Compound I suffered nearly all the time with headaches, backaches, and bearing down pains, and had a continuous pain in my left side. It made me sick if I tried to walk much, and my back was so weak that I was obliged to wear corsets all the time. But now I do not have any of these troubles. I have a fine strong baby daughter now, which I did not have before taking Lydia E. Pinkham's Vegetable Compound."—Mrs. A. A. GILES, Route 44, Dewittville, N.Y.

The above is only one of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which prove beyond a doubt that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, actually does cure these obstinate diseases of women, and that every such suffering woman owes it to herself to at least give Lydia E. Pinkham's Vegetable Compound a trial before submitting to an operation, or giving up hope of recovery.

Mrs. Pinkham of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health and her advice is free.

## TOBACCO NOT TO BE PROHIBITED

### Workers at Big Monessen Steel Plant Not Affected by Supposed Order

Monessen was somewhat agitated this week by an article published in a Pittsburg paper to the effect that all the big steel concerns had adopted a policy of prohibiting the use of tobacco by employes while on duty. As a large portion of Monessen's population is employed in the iron and steel manufacturing plants of that town, the prohibition, if true, would have been far reaching.

Local officials of the plants, however, disclaimed any official knowledge of such an edict, but some of them stated that they would not be surprised if some such order would be promulgated ultimately. The matter has been under discussion in health and sanitary circles, and such a move would be decidedly in the interests of the conservation of the public health and the elimination of the Great White Plague. The use of tobacco in workshops where thousands of employes are at work cannot help but be unsanitary and deleterious in many ways to the public health.

## We Want to See You==== We'll Treat You Rightly

We know you don't like to be pulled and hauled all over the store, passed through the gauntlet of clerks and finally turned over to the proprietor simply because you don't find what you want, and you don't want some little whippersnapper of a clerk to insist upon your taking what you don't want. You have, doubtlessly been through this ordeal, and vowed that you would never go into that store again. You're right—you don't have to.

Shoes should stand on their merits and a first-class shoe house always has a large enough assortment for a customer to be suited without having something forced on him which he forever dislikes. Come our way. If we cannot possibly suit you we will treat you kindly just the same. One thing is certain—if you can't find anything to suit you in our store, you can't find it in Charleroi. And, furthermore, if you don't find that our prices are right, don't spend a cent with us. Fair proposition hey?

## Substantial Reduction Made in Penalty Rates

Saving to Local People Through Surcharge Removal

**D FIRE PROTECTION**  
Underwriters' Association  
Ke Into Consideration  
Many Improvements

As a result of council's work to improve the town's fire protection the agents have received notice that from October 1, a rebate of 20 on every hundred dollars will be made. This will be a reduction in the penalty rate, which is the surcharge to the original rate of insurance. The penalty rate of \$2 on \$1,000 is insurance. It will be reduced to \$1.80 on every \$1,000. An additional part of this reduction is the removal when the Charleroi company complies with recommendations of the Underwriters' Association.

The agents received the information a circular issued by the Underwriters' Association at Philadelphia through Louis Wiederhold, Jr., secretary. The circular was as follows:

Underwriters' Association of Middle Department having received deficiency charge for water and fire fighting facilities in Charleroi, Pa. from 38 cents to 18 all mercantile risks, buildings, contents, located under protection, Charleroi, Pa., and rated under schedule providing specific rates and without reduced rate available are hereby reduced as follows:

Rating promulgated prior to October 17, 1909, deduct 20 cents from existing rate and 15 cents from new rate.

Rating promulgated subsequent to December 17, 1909, and prior to October 1, 1911, deduct nine cents from existing rate and five cents from new rate.

Rate allowable from October 1, 1911, deduct five cents from existing rate and five cents from new rate.

Reductions were secured through negotiations made over the town in service, and by changes in the fire department. New equipment meant much, and the good of the fire company build-up accordance with the plans of fire house arrangements, by addition of an addition to the fire quarters and the employment of a night driver for the fire engine taken into consideration its effect. Another matter is its effect on the reductions placing of additional fire in the borough. One of the recommendations by the Underwriters' Association is that a flow in excess part of the town of 2,000 gallons of water per minute from plug be secured. This it is can be done by the laying mains on Seventh and Second streets which work in progress.

Rating the valuation of insurance property in the business part of town at \$1,250,000 with 20 on every hundred dollars of insurance would mean a saving in rate of \$2.500. The significance of these figures will be apparent when it is realized that the borough's \$2,170 for fire plug service under the whole borough.

penalties do not affect the dwellers side of the business portion of town.

## Not to Have Mine School

Mine Inspector F. W. Cunningham Makes Suggestions to Miners

Mine Inspector F. W. Cunningham will not conduct or be at the head of a movement to form a night school for miners here this year, being too much occupied with his inspecting duties to be able to give the time to the matter. Instead of having a local school Mr. Cunningham is suggesting to miners who wish to prepare themselves for mine foremen or fire boss duties to take the special course prepared by State College. These courses which occupy with the usual degree of study about six months, can be secured at good rates at any time during the year. They are correspondence courses. Dr. W. R. Crane is the dean of the School of Mines of State College who has charge of the courses.

## BOYS ARE ACCUSED

Washington Lads Placed Under Arrest for Burglary

A sensation was created in Washington Thursday when three young men, members of prominent families, were arrested, each being charged with participation in a series of 19 burglaries and robberies last summer. One of the accused was taken into custody in the City Hospital, where he has been a patient for two weeks. The prisoners are James R. Dudley, aged 18; Joseph Carter, aged 19, and Eugene Wheeler, aged 17.

Each of the prisoners is charged with burglary, robbery and forcible entry in informations made before Justice of the Peace Hery Gantz, by Chief of Police William J. Dulaney.

Twelve stores on the 19 visits of robbers lost goods and money totaling thousands of dollars. The heaviest loser is L. Ochs & Co., at whose store on one occasion \$550 worth of furs and wearing apparel was stolen. The booty of the thieves from all the stores, included furs, drygoods, razors, revolvers, pictures, groceries, tobacco and much other stuff. No trace of the booty has been found by the police.

## CELEBRATE IN HONOR OF NOTED DISCOVERER

Columbus Day Festivities Held at Pittsburgh—Members of Charleroi Knights of Columbus Attend

Headed by D. A. Oates, a member of the general reception committee a party of members of Charleroi Council No. 956 Knights of Columbus, attended the most brilliant Columbus Day banquet ever held in Pittsburgh Thursday night. The banquet, with a number of guests present, chief among whom was Governor J. K. Tener, was held at the Schenley Hotel. There were about 15 from Charleroi present.

The chief address was made by Right Rev. Regis Canerin, Bishop of the Pittsburgh diocese, of the Catholic church. Bishop Canerin's talk was on the theme of "Politics." He spoke of the greatness of Pittsburgh and startled his hearers by a vigorous denunciation of Pittsburgh's detractors.

Governor Tener made an address on "Our Commonwealth," and sermonized on "the scattering of roses in life and not waiting until death to place wreaths on caskets." Other speakers were James L. Walsh, LL. D., of Fordham College, New York City; City Councilman P. J. McArdle, and Ambrose B. Reid, Esq.

The Charleroi delegation was heartily welcomed. Gov. Tener shook hands with the friends "from home" and asked about affairs here, showing an intense interest. Christopher Morgan, of Charleroi, assistant superintendent at the Pittsburgh Steel mill at Monessen, entertained the Charleroi party at the Columbus Club after the banquet.

He is a nephew of Henry Steets, the local real estate dealer and in addition to being an excellent preacher is an able lecturer. It is quite probable he

Rev. L. F. Athey.

will be engaged to lecture here next week.

Rev. Athey is a Methodist. He is minus the better portion of his right arm, which was caved off four inches from the shoulder, but that doesn't lessen his ability as a preacher. Rev. Athey's conversion came when death seemed imminent. He was working in a dangerous position at a big industrial plant, when an accident occurred, endangering his life. His right arm was caught in a piece of machinery. At that moment he consecrated his life to his Master, and promised if he should be allowed to live, he would devote himself to the work of saving others. By almost a miracle his life was saved. He was true to his promise, and results are showing.

## COUNCILMAN AND FAMILY AT HOME

Councilman Charles Schmeiler, who with his family spent the summer in Germany, has returned. His daughter, Miss Follie, came all the way home with him Thursday night but Mrs. Schmeiler and the other children stopped at Pittsburgh for a visit. Mr. Schmeiler states that they all had a fine time and are in the best of health. He gained over 20 pounds.

## MENDELSSOHN CHOIR TO SING

Preparations Being Made for First Appearance of Noted Musical Club

In accordance with its established custom, the Mendelssohn Male Choir in the season 1911-12 will give two concerts in Carnegie Music Hall, Pittsburgh. The date of the first concert has been fixed for Wednesday evening, December 6, at which time Elsa Ruegger, cellist, and Miss Mabel Beddoe, mezzo-contralto, will be the assisting artists. The second concert will be given on Tuesday evening, April 16th, 1912, at which Mr. Francis Macmillan, violinist, will be the soloist.

The personnel of the Mendelssohn Male Choir, again limited to sixty well-trained voices, remains, this season, practically the same as last year and continues under the able direction of Mr. Ernest Lunt, who has been the conductor from its inception.

The Mendelssohn Male Choir announces this season an important change in its organization. Hitherto the choir has depended principally for its financial support upon subscriptions from patrons. With a view of placing the organization upon a more permanent basis, as well as to broaden the scope of its artistic and educational influence in the community, after a majority of the patrons had expressed their preference for the change, to amend the by-laws to permit of the election of associate members. Associate members continue permanently with the organization from season to season until membership is terminated by resignation. The sole requirement of an associate member will be the payment, in advance of annual dues of \$10.00. Two concerts will be given each season and associate members will be entitled to four of the best seats for each of these, seats to be chosen before the public sale begins.

## CAMPBELL-HARVEY WEDDING AN EVENT

The marriage of Miss Mary A. Harvey, daughter of the Rev. and Mrs. James W. Harvey of California and Rollo Miller Campbell of Uniontown took place last evening at the First Presbyterian church in California, of which the bride's father is pastor. Dr. Harvey performed the ceremony and the bride was given away by her brother, the Rev. Plummer Harvey of Gallery. Mrs. Campbell is a graduate of the Washington Seminary and a talented musician. Mr. and Mrs. Campbell will make their home in Uniontown. The bride is well known in Charleroi.

## TAKE PART IN PARADE

Charleroi Sunday School Delegation Marches at New Castle

Charleroi contributed its portion towards the big parade held in New Castle on Thursday afternoon, which was a special feature of the State Sunday school convention. There were between 7,000 and 10,000 men in the parade. The delegates present from Charleroi numbering about 20, marched with the Washington county district which was headed by Rev. Murray C. Reiter, the county Sunday School president. Rev. Reiter's lieutenant was W. F. Allen of Monongahela.

Charleroi, Monessen, Monongahela, Donora and outlying districts contributed a total number of about 75 to a special train load from Monessen and McKeesport to the convention. Seventy-five went from the latter place. Congressman Richmond P. Hobson was one of the principal speakers at the session last night.

School Lad Expires After Suffering But a Brief Time

ATTENDED SCHOOL HERE

Was Eating Lunch When Taken Violently Ill—Belongs to Well Known Family

After only a few hours illness, Charles Dickson, the 17-year old son of John F. Dickson of Roscoe died at his home Wednesday morning at 7 o'clock. Acute indigestion brought on by eating pears, is said to have caused the youth's death. The funeral will be held Saturday afternoon. Six classmates of the young man at Douglas Business college here will act as pallbearers. It is likely that students of Douglas college will attend the funeral in a body.

At noon on Tuesday Dickson ate a few pears at lunch time. He was immediately taken sick. Removed to Dr. D. E. Sloan's office it was learned that he was suffering from acute indigestion and he was ordered removed to his home in Roscoe. In the evening he appeared to be getting better, but soon underwent a relapse.

Young Dickson was a student in the bookkeeping department of Douglas College. He was just about to finish that course and then intended to take up the study of shorthand at the same school. He was popular among his classmates and acquaintances. Besides the parents six brothers survive. They are: John, William, Clyde, Alexander, Roy and Walter.

Rev. Stanley Bergen pastor of the Roscoe Presbyterian church, of which the young man was a member, will conduct the services at the home at 1:30 o'clock tomorrow afternoon and interment will take place in Fayette City cemetery. Pall bearers have been chosen from his class as follows: Emile Schoch, Mark Simpson, William White, Walter Allen, Eugene Ebbage and Thomas Murphy. Douglas College is closed today out of respect for the young man.

## A PROGRESSIVE.

California as a State is now num-  
bered among the progressives. In a  
recent vote of the electors for a num-  
ber of constitutional amendments the  
relative, referendum and recall were  
adopted by an overwhelming major-  
ity. Even woman suffrage, which was  
at first thought to have been defeat-  
ed, is now conceded to have been car-  
ried, so that California has triumphed  
in the march of progress all along the  
line.

A desperate effort was made to ex-  
clude the judges from the recall fea-  
ture, but the people said nay. If the  
latter are to be supreme—and that  
is the aim and object of a pure dem-  
ocracy, which is believed to be the  
best form of government—there  
should be no limitations anywhere,  
and there seems to be no reason why  
judges should be exempted any more  
than any other officials. Consequent-  
ly the California electors included  
them within the provisions of the re-  
call. The initiative, referendum and  
recall is rapidly gaining ground, and  
the efforts of Pittsburg at the last  
Legislative session to secure it for  
that city has given the movement  
great impetus in Pennsylvania. It  
is to be hoped that by the time an-  
other session of the Legislature con-  
venes the movement will be ripe  
for action in this State.

## ONE OF MANY.

The reduction of the penalties on  
business insurance in Charleroi by  
reason of improved conditions by the  
local water company is only one of  
many instances where personal and  
business expenses are exorbitant be-  
cause it is to the pecuniary interest  
of some concern to have it so. Usual-  
ly when necessary expenses are un-  
duly high some private interest is  
profiting thereby. Because the water  
company at the start did not see fit to  
install a complete plant, every busi-  
ness man in the town was unduly tax-  
ed on his insurance. The water com-  
pany, however, derived as much rev-  
enue from the people as though it had  
a plant installed sufficient to provide

the protection required by the insur-  
ance companies.

This is only one instance where un-  
due and unnecessary expenses are put  
upon the people which they do not  
have to bear if they will but assert  
themselves. The absence of the par-  
cels post is another. The people are  
being taxed millions of dollars every  
year because the pecuniary interests  
of private concerns desire to continue  
their exactions in the exercises of a  
function that rightly belongs to the  
government. Railroad fares, freight  
rates, bridge tolls, and the evasion of  
just taxes, and other similar exac-  
tions are not based upon actual cost  
of construction and legitimate cap-  
italization, but upon watered stock  
and fictitious values.

But for the vigorous opposition of  
the Charleroi people the conditions  
imposing the insurance penalties  
would no doubt have continued. This  
shows what can be done if the proper  
effort is made, and the people can  
save a whole lot of what they are  
paying now if they put up the proper  
kind of a protest.

## PICKED UP IN PASSING

"I saw Admiral Dewey once," said  
Dale Jolliffe, when speaking of the  
exhibition of the coast defense gun at  
the Palace Theatre this week, which  
brought up the subject of war battle-  
ships, and other military topics. "The  
late Frank DeVinney and myself,

while serving in the Philippines with  
the Tenth were fortunate enough to  
get an invitation to eat our Christ-  
mas dinner aboard the Admiral's flag-  
ship, the Olympia, while she was in  
Manila harbor.

"This happened in a peculiar man-  
ner. 'Kid' as we all called Frank, and  
myself, fell in the day before Christ-  
mas with a sailor from the Olym-  
pia, who had shore leave. The tar  
was hopelessly drunk, and from his  
ticket of leave, which we inspected,  
we learned that he was to report back  
to his ship that night. We saw that  
he would never make it in the condi-  
tion he was in, so we took him to our  
quarters and tied him to a cot. By  
evening he was sobered up enough to  
realize the situation, and he was  
very thankful to us for flagging him,  
as he would have been dealt with  
severely if he did not report back on  
time. He happened to be petty mes-  
senger, and he invited us to eat our  
Christmas dinner on board the Olym-  
pia next day.

"Of course we were glad to accept  
and we were served with an elegant  
dinner—turkey, plum pudding and all  
the trimmings. Naturally 'Kid' and  
I were anxious to see Admiral Dewey,  
the hero of Manila Bay, and we asked  
the officer if there were any way  
we could get a peep at him.

"If that's all you want," said the of-  
ficer, just walk past his quarters and  
take a look," and he referred to the  
Admiral in not very complimentary  
terms. We learned that the men on  
board for some reason, did not enter-  
tain a very high personal regard for  
the Admiral.

"We walked past the Admiral's  
quarters, and saw him sitting on  
deck. 'Kid' and I 'rubbered' at him,  
curiously to the amusement of our  
companion. It was an incident, how-  
ever, that I'll always remember."

"Ever make apple butter at home?"  
asked an old timer at one of the lo-  
cal groceries, where a friend was buy-  
ing a jar of the stuff at the store.  
"Yes, I know it is one of the 57 var-  
ieties that you can buy ready made  
like everything nowadays, but it hasn't  
the flavor of the stuff we used to  
make 'down on the farm,' where mak-  
ing a supply of apple butter was one  
of the season's events, like harvest-  
ing, hog killing and other similar in-  
cidents.

"It was a sort of a holiday affair,  
as all hands, male and female, turn-  
ed in and helped. First we pared,  
quartered and cored the apples. Then

## GROWS HAIR ON BALD HEADS

Bald Headed People May  
Get a New Chance in  
Life

In these days when youth is the moving factor in business, when a man makes his mark at thirty-five and is ready to retire at forty-five, when business house pension the man we call "middle aged" rather than allow his lagging influence to intrude upon the commercial rush, a bald head is almost fatal to any man's hopes. The following must therefore prove interesting to people who are losing their hair or who are bald.

Resorcin is one of the latest and most effective germ killers discovered by science, and in connection with Beta Naphthol, which is both germicidal and antiseptic, a combination is formed which destroys the bacteria which rob the hair of its nutriment, and also creates a clean and healthy condition of the scalp, which prevents the development of new germs.

Pilocarpin is a well-known agent for restoring the hair to its natural color, where the loss of color has been due to a disease of the scalp. Yet, it is not a coloring matter or dye.

This combination of curatives mixed with alcohol as a stimulant, perfects a most effective remedy for hair and scalp troubles.

The famous Rexall "93" Hair Tonic is chiefly composed of Resorcin, Beta Naphthol, and Pilocarpin. It helps to make the scalp healthy, to nourish the hair, to stimulate the follicles. Where the hair is already bare it enters the follicles, revitalizes the roots, supplies nourishment and stimulates a new growth.

We want you to try a few bottles of Rexall "93" Hair Tonic on our personal guarantee that the trial will not cost you a penny if it does not give you absolute satisfaction. That's proof of our faith in this remedy and it should indisputably demonstrate that we know what we are talking about when we say that Rexall "93" Hair Tonic will grow hair on bald heads, except, of course, where baldness has been of such long duration that the roots of the hair are entirely dead, the follicles closed and grown over, and the skin hardened.

Remember, we are basing statements upon what has already been accomplished by the use of Rexall "93" Hair Tonic, and we have the right to assume that what it has done to hundreds of others it will do for you. In any event you cannot lose anything by giving it a trial on our liberal guarantee. Remember, you can get Rexall Remedies in this community only at our store—The Rexall Store, Carroll's Drug Store, 622 Fallowfield Avenue, Charleroi.

## SHE HAD CONSTANT PAIN

Until Relieved by Lydia E. Pinkham's Vegetable Compound.

Dewittville, N.Y.—"Before I started to take Lydia E. Pinkham's Vegetable Compound I suffered nearly all the time with headaches, backaches, and bearing down pains, and had a continuous pain in my left side. It made me sick if I tried to walk much, and my back was so weak that I was obliged to wear corsets all the time. But now I do not have any of these troubles. I have a fine strong baby, and I feel like a new woman. I did not have before taking Lydia E. Pinkham's Vegetable Compound."—Miss A. A. GILES, Route 44, Dewittville, N.Y.

The above is only one of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which prove beyond doubt that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, actually does cure these obstinate diseases of women, and that every such suffering woman owes it to herself to at least give Lydia E. Pinkham's Vegetable Compound a trial before submitting to an operation, or giving up hope of recovery.

Mrs. Pinkham of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health and her advice is free.

## AFTER FORTY YEARS

Camden, S. C., Women Recovers  
from Stomach Trouble

No one who is not well nourished can be good-natured. That is why dyspeptics are always irritable.

But stomach trouble can be cured in nearly all cases, even after years of suffering. Mrs. Sarah C. Ammons, Camden, S. C., says "I suffered from nervous dyspepsia for forty years and feared I should never get over it. It kept me in misery all the time. I

### Consumption

Anyone interested in the cure of Consumption should get one of the booklets telling of recoveries by the use of Eckman's Alternative.

Coughs, Stomach Colds and Pneumonia may be the beginning of more serious troubles—Eckman's Alternative is the effective remedy. Head Mr. Kauldy's statement.

"Gentlemen: For five or six years I was troubled with cough and expectoration. I also had a high fever. My case was declared Consumption by my physician. I was given Cod Liver Oil, Crude and other medicines, all without benefit. At Christmas time, 1908, I was not expected to live. Calling Dr. R. H. McCarthy, he advised the use of Eckman's Alternative which I took with excellent results, and was entirely cured. During the past year I have gained 15 lbs. I go out in all weathers and have had no cough or cold whatever. I give these facts to encourage others to use Eckman's Alternative."

(Signed Admavit) JAS. W. KANALLY.  
Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in unyielding systems. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet of cured cases, and write to Eckman Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists and W. F. Hennings, Charleroi, Pa.

## Read These Facts About BUTTERINE

Butterine contains more food properties than butter. It costs only half as much as good butter. Its use is more beneficial to the health than butter. It is germ proof, while butter has some tendency to germ culture. It contains the same elements as butter, and is made in a more perfect and sanitary way. It is used in many instances in preference to butter, because it is better. It gives better service than butter. It does not become rancid easily. It is clean, sweet and pure.

## TOBACCO NOT TO BE PROHIBITED

### Workers at Big Monessen Steel Plant Not Affected by Supposed Order

Monessen was somewhat agitated this week by an article published in a Pittsburgh paper to the effect that all the big steel concerns had adopted a policy of prohibiting the use of tobacco by employees while on duty. As a large portion of Monessen's population is employed in the iron and steel manufacturing plants of that town, the prohibition, if true, would have been far reaching.

Local officials of the plants, however, disclaimed any official knowledge of such an edict, but some of them stated that they would not be surprised if some such order would be promulgated ultimately. The matter has been under discussion in health and sanitary circles, and such a move would be decidedly in the interests of the conservation of the public health and the elimination of the Great White Plague. The use of tobacco in workshops where thousands of employees are at work cannot help but be unsanitary and deleterious in many ways to the public health.

## We Want to See You-----

### We'll Treat You Rightly

We know you don't like to be pulled and hauled all over the store, passed through the gauntlet of clerks and finally turned over to the proprietor simply because you don't find what you want, and you don't want some little whippersnapper of a clerk to insist upon your taking what you don't want. You have, doubtlessly been through this ordeal, and vowed that you would never go into that store again. You're right—you don't have to.

Shoes should stand on their merits and a first-class shoe house always has a large enough assortment for a customer to be suited without having something forced on him which he forever dislikes. Come our way. If we cannot possibly suit you we will treat you kindly just the same. One thing certain—if you can't find anything to suit you in our store, you can't find it in Charleroi. And, furthermore, if you don't find that our prices are right, don't spend a cent with us. Fair proposition hey?
